

How to set up auto-redemption for your rewards

Step 1

Tap on the 'Rewards' tab and find the 'Auto-Redemption' card. Tap on 'Set up now'.

Step 2

Opt for TransitLink or Passion Card TapForMore auto-redemption. Key in your 16-digit CAN ID (located at the reverse side of the card) and tap 'Confirm'.

Success!

You have set up your TapForMore card for Auto-Redemption.

Step 3

Congratulations! You have successfully set up auto-redemption. Allow up to 30 days to process your expiring Healthpoints for auto-redemption.

How to obtain your rewards after setting-up auto-redemption

TransitLink eVouchers

Auto-redemption can only be processed with a minimum of 150 Healthpoints. If your expiring Healthpoints fall below 150, they will be forfeited. Proceed to any TransitLink Kiosk or Add Value Machine to top-up your registered travel card. 150 Healthpoints = \$1

PAssion Card TapforMore points

Expiring Healthpoints will be automatically credited to your TapForMore account.

1 Healthpoint = 1 TapforMore point
