Please check if:

- i. You had indeed purchased a healthier item. Qualifying healthier items are indicated with our Healthier Choice identifiers, as outlined in Question 14.
- ii. The outlet is giving out QR Tickets. If so, please request for a QR Ticket if you had purchased a qualifying item.
- iii. The outlet could re-print another receipt for you, with the QR code.

If the above fails and the re-printed receipt still does not have the QR code when you purchase a healthier qualifying item, please email us at eatdrinkshophealthy@hpb.gov.sg. HPB will require proof of purchase (e.g. image of receipt) to validate that you have indeed purchased a qualifying item from participating outlet(s) for verification and investigation. In the event where you have bought a qualifying product, kindly take a photo of the product with the HCS logo shown clearly.

Please be reminded to request for your Receipt from the outlet staff after purchasing healthier option(s), and scan the QR code on the Receipt on the same day of purchase to collect your Healthpoints.

16. I purchased a Healthier Choice Symbol (HCS) product from a participating supermarket but did not receive a QR Ticket. How do I get a QR Ticket?
