Challenge Overview

1. Community Challenge ("**Challenge**") is a physical activity initiative by the Health Promotion Board ("**HPB**") to rally the communities to compete across the 16 Group Representation Constituencies ("**GRCs**") in Singapore. This challenge is an extension of the National Steps Challenge[™].
2. All 16 GRCs in Singapore are included in the Community Challenge. Each of the 13 Single Member Constituencies ("**SMCs**") will be grouped together with one of the 16 GRCs, for the purpose of the Challenge.
3. GRCs compete to be top performing GRC in two categories at the end of the Challenge period, as per the steps and MVPA minutes synchronised to the Healthy 365 mobile app or Healthy 365 kiosk:
 - (a) **Overall daily average step count per Participant ("**Participant**")**. The daily average step count per Participant is taken as the total number of steps accumulated by all Participants in the GRC, divided by the summation of the total number of days in Challenge for all Participants in the GRC.
 - (b) **Overall weekly average MVPA duration per Participant**. The weekly average MVPA duration per Participant is taken as the total number of MVPA minutes accumulated by all Participants in the GRC / the summation of total number of full weeks in the challenge amongst all Participants in the GRC.
4. Participants who have not registered, did not set a tracking mode and have not synchronised any heart rate data to the server are excluded from the computation.
5. Participants in the overall top performing GRC(s) in either category will be rewarded with Healthpoints at the end of the Challenge.
6. In addition, Participants of the Challenge also stand to win in the **Active Participation Monthly Draw**. To qualify for the monthly draw, Participants have to attend a minimum of 8 workout sessions within the month organised by CPAP (General Population), Active Ageing (Exercises), Malls Workouts, and Sundays at the Park. Participants may book to join these sessions via the Healthy 365 mobile app.

7. Participants can sign up by downloading the Healthy 365 mobile app from Google Play Store or Apple App Store. Participants who have successfully signed up for the National Steps Challenge™ Season 5 (“**Challenge**”) will have the option of taking part in the Challenge by:
 - (a) using a HPB-issued fitness tracker;
 - (b) purchasing a compatible fitness tracker; or
 - (c) using a compatible fitness app, namely Health Kit (for Apple), Google Fit (For Android) or S Health (for Android) on the Participant's phone (“**Preferred Fitness Tracking Device**”). Please note that the Healthy 365 mobile app does not have permission to access heart-rate data from S Health (for Android). For queries related to heart rate data on S Health, please contact Samsung.
8. Participation in the Community Challenge is free.
9. Once the Preferred Fitness Tracking Device has been set up, Participants can start to contribute towards the monthly and overall steps leaderboard for their GRC in accordance with the Challenge mechanics during the Challenge period.
