

NATIONAL STEPS CHALLENGE[™] COMMUNITY CHALLENGE TERMS AND CONDITIONS

Challenge Overview

- Community Challenge (“Challenge”) is a physical activity initiative by the Health Promotion Board (“HPB”) to rally the communities to compete across the 16 Group Representation Constituencies (“GRCs”) in Singapore. This challenge is an extension of the National Steps Challenge[™].
- All 16 GRCs in Singapore are included in the Community Challenge. Each of the 13 Single Member Constituencies (“SMCs”) will be grouped together with one of the 16 GRCs, for the purpose of the Challenge.
- GRCs compete based on the overall daily average step count per participant at the end of the Community Challenge period and daily average step count per participant on a monthly basis, as per the steps synchronised to the Healthy 365 mobile app or Healthy 365 kiosk.
- The daily average step count per participant is taken as the total number of steps accumulated by all participants in the GRC, divided by the summation of the total number of days in Challenge for all participants in the GRC.
- Participants in the overall top performing GRC with the highest overall daily average step count per participant will be rewarded with Healthpoints at the end of the Challenge. In addition, the top 2 GRCs with the highest daily average step count per participant each month also stand to win in the Community Challenge Monthly Lucky Draw.
- Participants with smartphones can sign up by downloading the Healthy 365 mobile app from Google Play Store or Apple App Store. Participants who have successfully signed up for the Community Challenge will have the option of taking part in the Challenge by:
 - (a) using a HPB-issued fitness tracker;
 - (b) purchasing a compatible fitness tracker; or
 - (c) using a compatible fitness app, namely Samsung Health (for Android) or Health Kit (for Apple) on the participant's phone (“Preferred Fitness Tracking Device”).
- Participants without smartphones can sign up as a kiosk participant by signing up at National Steps Challenge[™] roadshows or at HPB Customer Care Centre. Non-smartphone participants can only take part and track their steps using the HPB-issued fitness tracker.
- Participation in the Community Challenge is free.
- Once the Preferred Fitness Tracking Device has been set up, participants can start to contribute towards the monthly and overall steps leaderboard for their GRC in accordance with the Challenge mechanics during the Challenge period.

Other Rewards – Tap & Win

- Only participants who have successfully signed up for Community Challenge are eligible for Tap & Win.
- Each day of 10,000 steps or more synced to the Healthy 365 mobile app or Healthy 365 kiosk will entitle the Participants to unlock Tap & Win once. The game will be unlocked at the point of syncing. Once unlocked, the game cannot be carried over to the next day even if the Participant chooses not to play the game at that point in time.
- As Tap & Win is a chance-based game, the prize won, if any, is revealed only at the point of playing the game.
- The prizes won are not exchangeable nor redeemable for cash. The prizes can be vouchers, products or Healthpoints.
- The more days of 10,000 steps or more synced, the more opportunities to play Tap & Win.
- Opportunities to play Tap & Win can be accumulated for those participants who do not sync their steps daily as long as the participants have clocked 10,000 steps or more on their mode of tracking and synced the steps on the Healthy 365 mobile app or Healthy 365 kiosk. The participants need to sync their steps at least once every (7) seven days so the maximum number of accumulated opportunities to play Tap & Win is no more than (7) seven.
